Experience

Front End Developer - React.js & Vue.js

From September 2021 to present

Developed many apps, websites, and landing pages with React.js and Vue.js. Styling with Sass, Tailwind CSS & styled-components.

UI Designer - Figma & Adobe XD

From May 2021 to present

I reproduced, developed & redesigned apps, forms, e-commerce, and landing pages from scratch. To fictitious brands or products.

Full Stack Developer - Vue.js, TypeScript, Nuxt.js & Adonis.js

Cataline.io - From April 2021 to September 2021

Attended an online bootcamp, developing in 6 months 9 Full Stack projects. Using Vue.js, Sass and Nuxt.js on front end. Along with JavaScript, TypeScript & Adonis.js on back end and API's.

Web Developer - HTML, CSS & JavaScript

From February 2021 to present

Finished several web projects, such as landing pages, complete websites, games, apps & my own portfolio. Having all these projects, the layout responsiveness as major aspect.

Scrum Fundamentals Certified (SFC)

SCRUMstudy - Certified in March 2021

Knowledge of the methodology of delivery and main concepts of the Scrum framework.
